

Temperature Control Solutions

When it comes to temperature controlled shipping, let us make a positive **Impact** on your bottom line with refrigerated and frozen services for any perishable item. Whether shipping delicate chocolates that cannot be subjected to other odoriferous commodities or expensive pharmaceuticals, ISCS provides a customized warehouse and freight distribution solution.

Some of the value added services we provide:

- Complete coverage for daily pick up requests in virtually any area. Whether shipping one pallet or ten, we have you covered
- Secure and clean trucks that transport your products through to delivery ensuring they arrive at your customers dock looking as pristine as the day they left your warehouse
- Online scheduling access to most major Distribution Center's(DC) ensuring efficient and on-time delivery of your product
- Climate controlled warehousing capabilities throughout the country
- Real time tracking 24/7 with easy access for you and your customers
- 10 + years of experience delivering to major DC's such as Wal-Mart, CVS, Target and Trader Joe's
- Flexibility to handle both full truckloads (FTL) as well as less-than-truckloads (LCL)
- Dry service versus refrigerated/frozen calculator service. We'll take the guess work out of when to use temperature protected service by proactively monitoring weather patterns saving you needless expenses
